

1 Identification of the parts

- a Eve Pro frame for iPad Pro (*product number: 650-xx*)
- b Eve Pro cover (*product number: 651-xx, 652-xx - not included*)
- c Eve Pro cover security version (*product number: 653-xx, 654-xx - not included*)

2 Positioning of the wall box (*not included*)

A wall box should be foreseen to install the iPad power supply. The puck (*not included*) is a USB power supply which fits into a 1-gang wall box and uses the standard lightning to USB Cable, supplied with the iPad.

The wall box should be installed according to the dimensions on the drawing (2).

3 Direction of the frame

The Eve frame can be mounted horizontally or vertically.

Make sure to mount the iPad in the correct direction according to the drawing. (3). **Installing the frame in the wrong direction can damage the iPad.**

4 Puck Power supply (*not included - product number: 610-02*)

Install the puck in the wall box following the instructions of the puck manual. Connect the standard iPad to USB Cable, supplied with the iPad, to the puck.

5 Installing the frame

Please use the correct openings of the Eve frame and ensure the screws are positioned so that they cannot damage the iPad.

6 Mounting the iPad Pro

1. Plug the power connector into the iPad.
2. **Portrait mounting:** Place the right side of the iPad in the right side of the frame as shown on drawing 6 (a) . Then gently push the iPad in the frame so that it is being held by the magnets (b).
Landscape mounting: Place the right side of the iPad in the lower side of the frame as shown on drawing 6 (a). Then gently push the iPad in the frame so that it is being held by the magnets (b).
3. Place the Eve cover making sure that the cover is not squeezing the power cable.

Make sure to follow the steps above in the right order as a wrong installation can damage the frame.

7 Removing the iPad Pro

1. Remove the Eve cover.
2. Place one finger behind the iPad and another one on the iPad as shown on the drawing 7 (a).
3. Gently pull the iPad out of the frame making sure it cannot fall (b).
4. Remove the power connector.
