

MULTI DISPLAY WALL

SKU: PW010001

A cost-effective and simple way of building a video wall or mounting several screens in a row. The solution can be used with screens from approximately 37", right up to the really large ones. Simply choose as many modules as you need.

Each module is supplied as a complete package with all necessary components, and can be set up in three easy steps. The solution makes it easy to place the screens exactly in line and allows edge-to-edge mounting. The Multi Display Wall works excellently for mounting one single large display on the wall too!

The final result lies closer to the wall than most other products on the market.

Max weight 100

Warranty 5

VESA Horizontal 200 - 800

VESA Vertical 100 - 400

Placement Wall
