

# SMS X H UNISLIDE

A gracile aluminium universal slide.

SMS X H Unislide is delivered as standard with the ceiling/wall- and floor brackets within the X-series. Can be used with all VESA standards from 200 x 200 to 800 x 400 mm. The rear has the same high degree of finish as the front, with an integrated rubber strip that hides all screws. X H Unislide can be placed at selected positions along the column. The screen can be mounted either vertical or horizontal.
